

Respect YOUR Stomach

GIVE it food that will not irritate or retard the performance of its natural functions, and it will reciprocate in a way agreeable and comforting.

No single ingredient contributes so largely toward wholesome, nourishing, agreeable food as Royal Baking Powder.

Royal Baking Powder's active ingredient, Grape Cream of Tartar, is the most healthful of the fruit products.

This is why Royal Baking Powder makes the food finer, lighter, more appetizing and anti-dyspeptic, a friend to the stomach and good health.

Imitation Baking Powders Contain Alum

"The use of alum and salts of alumina in food should be PROHIBITED. The constant use of alum compounds exerts a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption."

SEEMS REASONABLE.

The gentle springs blithely play.
The lambskins do the same.
In fact, it might be safe to say
That balmy spring has come.

HAIL, SPRING!

'Tis Spring!
Get out and dance a Highland fling.
And yet, I pray,
Be not too gay.
Unto those flannels cleave and cling.

'Tis Spring!

So warble lays and loudly sing.
But careful be,
For hully gee,
You may take cold and likewise wing!

'Tis Spring!

Of reasons all it is the king.
An aviator—
Take off your hat,
Or have it wafted off, by jing!

of your income some one else puts the money in the bank. Why not do your own banking?

Placing your income in the bank doesn't mean that you will have less money—it usually means you will have more at the end of the year—why delay the matter? Start an account of your own, don't let the other fellow do your banking for you.

We make no charge for check or pass books and will give your account, no matter how small or how large, our most careful and conservative attention.
